

Stronger Together: 2019 Scientific & Family Conference

July 25-28 • Chicago

PARTNERSHIP PROPOSAL

SNAPSHOT

2019 SciFam

Cure CMD, A Foundation Building Strength for Nemaline Myopathy and Team Titin will host this first-ever congenital muscle disease collaborative conference for stakeholders in the **Congenital Muscular Dystrophy, Nemaline Myopathy, and Titinopathy** communities.

This four-day gathering will feature a two-day Scientific Symposium attended by the world's top experts in neuromuscular disease, followed by two days of conversation, education, and support for affected individuals and families. We anticipate attendance of more than 300 engaged individuals who are eager to share, learn and connect.

Welcoming the Global CMD Community

- Affected Individuals of all ages
- Caregivers & Family Members
- CMD Researchers & Clinicians
- Nonprofit Advocacy Organizations
- Industry & Policy Makers
- Vendors & Suppliers

DETAILS

2019 SciFam

In 2017, Cure CMD hosted a **CMD Conference Series**, the first-ever of its kind, designed to build momentum built through in-person stakeholder meetings to usher the CMD community toward treatments and a cure for the congenital muscular dystrophies. Attended by over 400 affected individuals, caregivers, researchers, clinicians, vendors, industry and government representatives from around the globe, we achieved our objectives to:

- Empower the patient community by connecting them with experts and each other
- Provide an educational forum for all stakeholders to exchange ideas and ask questions
- Lead stakeholders to create a targeted work plan for the next 1-3-5 years
- Foster young scientists' interest in congenital muscular dystrophy
- Spur new collaborations and lines of scientific inquiry

Having recognized significant overlap in symptomatology, care management, and research strategies, **Cure CMD, A Foundation Building Strength for Nemaline Myopathy** and **Team Titin** are joining together to host the **2019 Scientific and Family Conference** at the **Renaissance Hotel** in beautiful **Downtown Chicago**.

2019 SciFam will begin with a two day congenital muscle disease scientific symposium, attended by researchers, clinicians, industry and government representatives working in CMD, NM and Titin. We will also welcome a small number of affected individuals and family members from each subtype to lend their voices and represent the patient community.

We know we will reach our goals sooner with collaboration. With this 2019 symposium, we will:

- Introduce, create, shape and refine research projects
- Promote communication among stakeholders
- Continue the momentum toward clinical trials

Following the scientific meeting, we will host a two-day conference for affected individuals and families packed full of educational and engaging sessions. We will focus on expanding knowledge and strengthening the bonds between individuals and families while connecting them with CMD experts to improve and increase the relevance of research and to ensure any and every question is answered.

We would be delighted to partner with you as a sponsor for 2019 SciFam. Your generous support will help ensure the success of this conference and our mission to find treatments and a cure for congenital muscle disorders.

PARTNERSHIP TIERS

2019 SciFam

PLATINUM (\$20,000+)

- Sponsor logo displayed on conference webpages
- Sponsor logo printed on conference T-shirt
- Sponsor logo displayed on sponsorship banner
- Full-page, sponsor-designed ad in program
- Shout-out at scientific & family welcome sessions
- Choice of up to 4 sponsor-branded sessions
- Registration waived for up to 4 representatives
- Post-conference report

GOLD (\$10,000+)

- Sponsor logo displayed on conference webpages
- Sponsor logo displayed on sponsorship banner
- Full-page, sponsor-designed ad in program
- Shout-out at scientific & family welcome sessions
- Choice of up to 3 sponsor-branded sessions
- Registration waived for up to 3 representatives
- Post-conference report

SILVER (\$5,000+)

- Sponsor logo displayed on conference webpages
- Sponsor logo displayed on sponsorship banner
- 1/2-page, sponsor-designed ad in program
- Shout-out at scientific & family welcome sessions
- Choice of up to 2 sponsor-branded sessions
- Registration waived for 2 representatives
- Post-conference report

BRONZE (\$2,500+)

- Sponsor logo displayed on conference webpages
- Sponsor logo displayed on sponsorship banner
- 1/4-page, sponsor-designed ad in program
- Shout-out at scientific & family welcome sessions
- Choice of 1 sponsor-branded session
- Registration waived for 1 representative
- Post-conference report

SPONSOR (\$1,000+)

- Sponsor logo displayed on conference webpages
- Sponsor logo displayed on sponsorship banner
- 1/8-page, sponsor-designed ad in program
